

Retention of District Records

In compliance with Idaho Code, the Board of Trustees establishes the following guidelines to provide administrative direction pertaining to the retention and/or disposal of District records. This schedule likewise identifies the anticipated physical location where such records may be kept or maintained by the District, in addition to the possible document retention of all categories of records on the school's servers and computer systems.

The District's Public Records Custodian(s), in conjunction with the Superintendent, or designee, is responsible for the maintenance, safeguarding, and destruction of the District's records. Performance of such duties shall be in cooperation with the District's Business Office, Directors of Maintenance and Transportation, Technology Coordinator, the Principals at the school's buildings, and other administrative personnel employed by the District. However, each school employee is likewise responsible for having knowledge of this policy and the requirement to safeguard the District's records, electronic or otherwise, consistent with the chart below.

The District's Public Records Custodian(s) shall work in conjunction with the District's Technology department to assure that the school's staff is aware of the routine destruction of electronic District records, including emails, such that they are able to assure that the District's public records are retained consistent with this schedule, regardless of whether they are maintained in a hard copy or an electronic copy. In such a process, the District's employees need to retain District records included on the schedule below, particularly student educational records, personnel records, and investigative records, in a format that is not part of the District's routine electronic records destruction and/or notify the technology personnel of the District that a particular document is not to be destroyed as part of the routine destruction of electronic records.

Unless otherwise prohibited by applicable law, all District records may be maintained electronically and/or in hard physical copy.

Method of Destroying Official Records

The District's official records, and any copy thereof that may be deemed to be confidential and/or not intended to be disseminated to the public, will be shredded before disposal.

Destruction of Electronic Mail/e-mail

The District will store electronic mail/e-mails for a maximum period of 90 days. All email will be automatically deleted from the District's system at the end of this retention period. It is the responsibility of every district employee to assure that District documents that need to be retained for a longer period of time due to federal law, State law, or the provisions of this policy are retained accordingly and in a different format than electronic mail. An employee's failure to

retain District documents accordingly could serve as a basis for discipline, up to and including possible termination.

Suspending of Destroying Official Records

The District will immediately cease the destruction of all relevant records, including electronic records, even if destruction is authorized by an approved Retention Schedule, for the following reasons:

1. If the District receives a public records request;
2. If the District believes that an investigation or litigation is imminent; or
3. If the District is notified that an investigation or litigation has commenced.

The Public Records Custodian(s) and Superintendent are responsible for carrying out this policy.

If relevant records exist in electronic formats (such as email, digital images, word processed documents, databases, backup tapes, etc.) the District’s Administrative personnel shall notify its information technology staff to cease the destruction of records relating to the subject matter of the suit/potential suit or investigation. Failure to cease the destruction of relevant records could result in penalties against the District.

District records shall be retained and/or disposed of as follows:
